

Shoo-Fly® Spray repels biting flies (*Stomoxys calcitrans*) and other nuisance flies which may be a source of irritation for dogs or horses.

COMPOSITION

Permethrin 1%, esbiothrin 0,35%, piperonyl butoxide 1,5% and aromatic oils in a pleasant-smelling base.

INDICATIONS

Because animals cannot fend off flies like humans do, they need all the help they can get.

Shoo-Fly® Spray

- gives animals the ammunition to win the fight against flies;
- prevent flies from infecting animals with various diseases;
- stop flies from being a nuisance to the animal and

DIRECTIONS FOR USE

Use only as directed. Brush coat first to remove any dirt or dust. Spray coat or, if preferred, wipe on with a sponge or soft cloth. Treat ears and other areas where protection is required. Note: spray with care to avoid getting product into eyes, or preferably apply Shoo-Fly® by wiping around the facial area. Wash hands after application. Repeat as often as required. *Not for use on cats. Contents flammable. Avoid use near fire or open flame.*

PACKING

200ml or 750ml trigger-spray, 2,5L refill

STORAGE

Store in a cool place away from direct sunlight.

REGISTRATION NUMBER

Reg. No. G2777 Act 36/1947

Shoo-Fly® Ointment repels biting flies (*Stomoxys calcitrans*) on dogs. It contains a sunscreen to protect against the harmful effects of ultraviolet radiation, and the ointment base is soothing, non-staining and cosmetically acceptable.

COMPOSITION

Permethrin 0,4% m/m, esbiothrin 0,3% m/m, piperonyl butoxide 5% m/m and butyl methoxydibenzoyl methane 0,25% in an ointment base.

INDICATIONS

Shoo-Fly® Ointment, a fly repellent in ointment form for use against flies, especially biting flies, on dogs. Ear tips, cuts or open wounds are favoured spots for biting flies to attack. If the flies are not prevented from biting, unsightly wounds develop, greater numbers of flies are attracted and there is an increased chance of generalised infection.

DIRECTIONS FOR USE

Apply to ears and other parts where flies settle. **Shoo-Fly® Ointment** can be applied to open wounds. Repeat the application as often as required.

PACKING

Shoo-Fly® Ointment is packed in tubes of 50g.

STORAGE

Store in a cool place away from direct sunlight.
