

Kyrón Labs supporting humans and paying it forward to the animals!

“On behalf of the Cape of Good Hope SPCA we would like to thank Kyrón Laboratories for your donation of Arnica Ice which we inserted into the goody bags of our Team SPCA riders. As you know, as much as the actual event is important to athletes the goody bag contents also motivate participation therefore we are positive we will see the return of many riders- thank you.

We successfully managed to secure 71 Team SPCA cyclists, in support of our work which is a gift to have supporters who not only push themselves to the limits to support our work but also identify on such a personal level with our cause and the suffering of animals.

Our team raised a surprising amount of over R275 000.00 which translates directly into 164 tanks of fuel that can cover a massive 148 113 km's in response to reports of animal cruelty. That's countless lives saved, justice sought for many victims of cruelty and abuse and gives hope to the many animals who need our help.

We extend our sincere thanks to Kyrón Laboratories for your support and in doing so help make a very real difference in the lives of both animals and the team who serve them”.

Natasha Johannes

Health and beauty for all animals®

Your must-have wound kit products

For small and minor wounds

Reg. No. G1797 Act 36/1947

Acrisulph Ointment

- Has antiseptic and bacteriostatic activity
- Safe and effective ointment to treat superficial wounds and burns.
- Aids in relief from pain and discomfort.
- Zinc Oxide is a mild astringent with soothing and healing action.
- Cod Liver Oil is a source of Vitamin A to assist in restoring and maintaining healthy epithelial tissue.
- Lanolin softens skin and protects against excess moisture loss - speeding up the healing process.
- Ideal for superficial wounds, burns and equine cracked heels.
- Sizes: 50g/500ml

Reg. No. G1797 Act 36/1947

Debrizyme

- For enzymatic debridement of necrotic tissue.
- Accelerates wound healing.
- Removes coagulated blood.
- Unblocks and cleans clogged up wound drains.
- Size: 150ml aerosol

Reg. No. G1797 Act 36/1947

Panthox with Gentian Violet

- Gentian Violet is a purple dye with mild antibacterial and antifungal properties.
- Can be used as prevention and treatment of topical infections like lacerations, abrasions, open wounds, dermatitis and footrot.
- Size: 200ml spray

Reg. No. G1797 Act 36/1947

Panthox d-Panthenol

- Treatment of wounds and skin infections in all animals
- Oxytetracycline HCl is a broad-spectrum antibiotic
- Active against a variety of gram-positive and gram-negative organisms.
- Effective in accelerating the wound healing process
- Studies have demonstrated that d-Panthenol has a positive influence on epithelisation.
- Size: 200ml spray

Reg. No. G1776 Act 36/1947

Acriflavine in Glycerin 1:1000

- Contains 0.1% Acriflavine Hydrochloride in glycerin BP
- Useful antiseptic for wounds.
- Acriflavine is effective against gram-positive and gram-negative bacteria.
- Acriflavine retains its activity in presence of body fluids and pus
- Acriflavine is suitable for treatment of contaminated or weeping wounds.
- Glycerin possesses emollient action.
- Glycerin enables drugs held in solution to penetrate more readily.
- Promotes wound drainage.
- Has hygroscopic action which may reduce local swelling.
- Very effective in large open wounds.
- Sizes: 500ml, 2.5L
- Also available: Acriflavine Solution & Acriflavine HCL Powder

“These pictures taught me four things - never say never, never give up, never underestimate the power of Mother Nature and never forget the healing and granulating ability of Acriflavine glycerine.”
Dr Peter Rogers

ACTIVATE

- Multi-layered Activated Carbon dressing
- Cleanses wounds of bacteria, reducing infection and contamination.
- Provides a moist wound environment.
- Absorbs exudate.
- Inhibits exuberant granulation (proud flesh).
- Promotes rapid wound closure.
- Reduces frequency of dressing changes.
- Conforms for easy use.
- Highly recommended for large open wounds.
- Size: 10 x 15 cm (packed in 2's)
